Book notes

I listen to the National
Press Club on C-span and
lo and behold, the guest was
Brian Lamb. This was
Saturday, January 11th, recorded
January 6th. A real delight.

Thank you and all
those marvelous visionaries
you were ~~priviled~~ privileged
to know in the founding of
C-span.

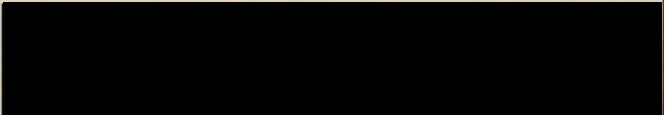

Quality breadth and
beckons on C-span. Shes
enrichment!

Thank you and all

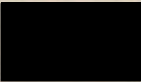

O-Lamb

who are responsible, once
more.

True but true, C-Span
quenches my thirst for knowledge.
A very real full filling addition
in my quest.
