Dear C-Span Programmers,

MAR 05 ANSO 6:30pm ET

Just watched your program that purported to be about "Day Rights". I was grossly disappointed that C-SPAN would raise such an explosive subject and then make so pitiful an attempt to do it justice. Next time don't make the "contest" between two Republicans, two Conservatives and two men!! A learned Day Right activist could have informed your audience. Lesbians are the most AIDS-SAFE population. They could have stopped Demagogue retreat not his one-note argument!
