This is a difficult letter to write
because I should have written
it (the letter) a week ago.

I didn't and because I am
getting old and forgetful I can't
exactly remember the name of the
reporter that you had on at
5 A.M. P. D.T.

At first I thought I should
forget the matter but I can't so I
am going to guess part of her name.

I believe her name is
Seyanne Fields. I am certain the
I have the first name correct, but I
am hesitant about the last name.

I believe she was on
August 20, 1992.

What I want to tell you is
that I feel she is a most rude
person. The other guest was
most gracious. I will say that
I did not hold her views politically
so I am certain why I was so
upset with her manners.

I do wish that C-Span
~~we~~ had a phone number that one
could call that would connect with
a person in your office. I did not
wish to use the question number &
your other number ~~if~~ is for
scheduling and there is no leave person
to talk to —

Please do not print this
letter. I do gain information by
listening to C-Span & I do appreciate
all of you. Thank you
