I realize W. J. has become a mouthpiece for the Republican party, but did you not push it too far on this date with Charlotte Hays bashing Mrs. Clinton & the men around her while the President was giving his domestic speech. This was a rerun on Mrs. Hays cause she hate Democrats, you forgot to put the prune in the middle of her forehead!
Ironic that you found

Her Republican views so
important that you
could not use your
Cable Money to cover
the President!
Lair? Lair? Fair?

Perhaps you should
use your dictionary!!!

Oh! Well! When you
get L.W. B. elected, you
can skip the Democrats
altogether!

C-Span started with
the right idea. Who
got to you?
