

Why don't you tell us who the
Guest Host is - Who's Dicky?
I can't sit & wait for his name to
be printed over - I'm busy doing
my housework while listening to
this.

Roger Simon is a wonderful Clinton
apologist! You seem to find the best
Libs w/ their convoluted ideas.
They make all kinds of excuses for
Pres. Clinton. He can do no wrong!!
You give Libs the freedom to say
what they want. You guide what
a Repub. talks about. You're al-
ways heading articles for them to
respond to. It's very subtle, so,
as you know, most people miss
what you're doing. C-span is very
necessary to the Libs. A friend of mine
said "I'd rather have a good divorce
than a bad marriage." I agree that's
more honest than what the Clintons are
doing. I discount the polls, they are
not honest basically. They can't
them to get any ans. they want - esp. C.N.W.
When the man called to say he's cordently
called by Poll Jobs, that's checked in
for me.
